Population United States Census 1910.....	15,895
Population Police Census 1913 .....	19,746
Approximate Census 1918 .....	30,000

---

GREENSBORO, GUILFORD COUNTY, NORTH CAROLINA, in population is certainly second, if not first, in the State.

Greensboro is two miles square and fully one-third of its inhabitants live outside the corporate limits.

In May, 1913, a police census showed 19,746 inhabitants within the limits, three-year increase 3,851 or 21½ per cent—equivalent to 71 per cent. increase in ten years.

At this rate of increase Greensboro has more than 30,000 in the city and undoubtedly more than 13,000 immediately outside, served by street cars at five-cent fare.

Many of its finest residence districts are outside the city, in addition to which there are fifteen factories, employing more than 7,500 people, also outside.

Greensboro is located on the main line of the Southern railway, 288 miles south of Washington and 361 miles north of Atlanta. Railroads radiate in seven directions, making it a splendid distribution point. This fact doubtless accounts in part for the fact that several hundred traveling salesmen, estimated by some as 1,000 make their headquarters here; and the further fact that so many diversified factories and jobbing houses are located here. This also doubtless accounts for the fact that it is frequently referred to as the "Gate City."

Greensboro is a delightful home city, splendid people, glorious all-the-year climate, its extremes of heat and cold would be called "mild" in most other cities, churches and schools that compare favorably with other cities of its class, while within a radius of twenty-five miles are located a number of the South's best known time tried preparatory schools.

Greensboro is governed by a commission of three men, who devote their entire time to the work; city owns its water works; a garbage disposal plant; many miles of splendid paved streets; an opera house seating 1,250; and market house devoted exclusively to the sale of meats. For sanitary reasons all meats are sold from two mar-

kets, in which many dealers have stalls which are under constant city inspection and supervision.

The country surrounding Greensboro is a delight to the eye, and 150 miles of improved roads leading from Greensboro in every direction afford autoists a great choice of splendid roads and an ever-changing panorama of pleasing scenery.

One of the most delightful trips to be found anywhere is the fifteen miles drive over concrete-asphalt road, no finer in the country, to High Point, our splendid sister city, located in Guilford County, larger by far than any second city in any county in the State and larger than the largest city in more than ninety counties in the State.

### FACTS ABOUT GREENSBORO.

Altitude—843 feet.

Banks—Four. Capital, \$725,000; deposits, over seven and one-half millions.

Churches—Thirty-three (thirteen denominations).

Cotton—Second largest cotton market in the State: 300,000 to 350,000 bales handled annually; storage capacity for over 50,000 bales. Greensboro spins more bales of cotton and produces more dollars worth of finished products than any city in the South. The only cotton print works in the South is located here, while the White Oak Mills is said to produce 40 per cent. of the world's denims, being the largest in the world.

Electricity and Gas—For light and power, supplied by North Carolina Public Service Co. and Southern Power Co. Trunk lines and auxiliary stations of latter company are located here.

Guilford Battle Ground—National Military Park. Five miles from city; scene of the famous revolutionary battle of Guilford Court House. Beautiful grounds, many handsome monuments, chief among which is equestrian monument of General Greene, cost \$30,000.

Hotel—O. Henry, Guilford, Cleggs, Huffines, New Carolina, Mount Clair, European

Greensboro has an up-to-date Y. M. C. A. and Y. W. C. A.

Hospitals—St Leo's, one of the great hospitals of the South. Five other private hospitals and sanitariums.

Insurance—Greensboro, leading insurance center of the South, having eight companies, including (2) life, (2) health and life, with combined capital nearly \$1,000,000. Life insurance in force, over \$90,000,000. Four (4) fire insurance companies with combined capital of \$1,020,000, assets \$2,500,000.

Library—Public; many thousand volumes; serves all parts of county through country sub-stations.

Location—On main line Southern Railway, 288 miles south of Washington, 361 miles north of Atlanta.

Population—In city, over 30,000; just outside served by street cars at five-cent fare, over 10,000.

Productive industry—Seventy-six factories, employing over 10,000 people. Fifteen are just outside of the city and employ about 7,500. These factories produce about twenty different classes of goods, such as cotton fabrics, furniture, office fixtures, cigars, fertilizers, chandeliers, lumber, overalls, auto trucks, hosiery, machinery, stoves, flour, sewer and drain pipe, brick, buggies, building materials, wooden boxes, candy, etc. Several large nurseries and greenhouses.

Parks—Three: Fisher, Douglas and Lindley.

Railroads—Southern, radiating in seven directions.

Street Cars—Electric; fourteen miles of track.

Schools—None better; five colleges, including State Normal and Industrial College and Greensboro College for Women, with combined enrollment of about 2,000, also three colleges for negroes—Agricultural & Technical College of North Carolina, Bennett College, and Immanuel Lutheran.

Temperature—Highest ever known, 102; lowest, 3; mean highest, 78.1 in July; lowest, 39.9 in January. Extremes very rare and of short duration.

Tobacco—Two warehouses; handle about half million dollars worth of leaf annually; several cigar factories.

Telegraph—Western Union and Postal.

Valuation—Assessed valuation over \$35,500,000 (assessed about 40 per cent.)

Greensboro is to be the big city between Atlanta and Washington and offers unsurpassed advantages for profitable manufacturing, merchandising, real estate investment, amid social surroundings second to none.

NOW THAT THE NEW DIRECTORY IS OUT

# TAKE THE OLD DIRECTORY HOME

## YOUR WIFE

will find the names and addresses of many friends,  
She will tell you that the Directory is just the thing  
for invitation lists.

## YOUR DAUGHTER

will be glad to have ready information on how to  
get to strange addresses, Church Data, Club and  
Organization Statistics, Postal Regulations, Etc.

## YOUR SON

will find it both interesting and instructive. When  
he grows up he will know where to quickly find in-  
formation business men need.

## YOUR MOTHER

will read the carefully prepared introduction and  
marvel at the way the city is changing.

## YOU

may use it yourself to settle the identity of persons  
mentioned in newspapers; discussions that come up

# Get YOUR Share of the High Prices for ALL Farm Products

**T**O get these profits you **must** make every acre on your farm produce its **greatest possible yield**.

The judicious use of good fertilizers in addition to **good** soil preparation, well-selected seed, thorough cultivation, is **necessary** to accomplish these results.

## Profit by Ordering Your V-C Fertilizers Now

To get **your** fertilizers in time to bring to you all the above very desirable results—it is essential that you place your orders early for the fertilizers you are going to need. Freight cars are very hard to get from the railroads on account of the unprecedented demand for cars to move manufactured products of all kinds all over the United States, and to our ports for export. Order now. Don't put it off. To delay may mean you will get no fertilizers at all.

### The Car Shortage in the United States was as follows:

September 1st, 1916.....	19,000
October 1st, 1916,.....	60,000
November 1st, 1916,.....	108,000
December 1st, 1916,.....	112,000

The spring shipments of Fertilizers required 300,000 railroad cars.

"Make Your Soil and Crops Pay More" by using V-C Fertilizers.

*Why not V-C Now?*

Box 1616, Richmond, Va.

## BETTER FARMING

## Order Fertilizers Early

Railroad Service is a Serious Problem—Fertilizer Dealers Should Accumulate Orders So That Full Carloads Only Shall Be Shipped—Railway Authorities Say Fertilizers Can Be Handled in Half Number of Cars Ordinarily Used—A War Measure.

FARM SERVICE BUREAU, ATLANTA, GA.

C. A. Whittle.

The world is hungry. To get more food is an alarming problem. How can the farms produce more food when labor is so scarce?

(OVER)

They can more easily be planted to make use of the fertilizer they are usually planted with when rice is raised.

In case of labor shortage, to be expected, the farmer will have to help which the farmer has been utilizing in the past and that fertilizer application is beset with difficulties.

Fertilizer can increase production without increasing labor or planting time. The warring railroads appreciate this fact, and are doing all they can to prevent them from the use of fertilizers.

The railroads can't do the business expected of them unless every freight car is loaded to full capacity. To load them to full capacity the dealers and farmers have enough orders in to make up a full car load before the car is loaded. They have to get a shipment. The earlier the carload orders are placed the better the chance of course of getting a shipment. Because of the shortage of equipment, the railroads soon have as much time as possible to plan for moving the fertilizer. Early orders will give them a knowledge of the number of cars that will be needed.

### GOVERNMENT AUTHORITIES BACKING IT

The National Council of Defense has sent out a bulletin on the very subject, urging farmers to order their full fertilizers early so full carload shipments may be made and the largest amount of human food produced.

The United States Department of Agriculture through the States Relations Service and Bureau of Soils; and agricultural colleges and county agents, are all backing the same.

The railroads are very urgent about the matter. The fertilizer manufacturers are offering to help the dealers and farmers as much as possible to overcome the transportation difficulties.

### HALF CARS CAN BE SAVED

Railway authorities have statistics to show that half of the cars ordinarily used for hauling fertilizers could do the business, if only they are loaded to their full carrying capacity.

Where a full car load can not be made up for one destination, then it is to be filled with orders for neighboring stations along a railroad.

## MORE WHEAT AND OATS

Farm Service Bureau, Atlanta, Ga.

Each section of the country will be expected to take care of its staple wheat and oat production. Discouragement from the winter kill of the last season and other conditions make the task of keeping up production most important. The country needs more of these crops if it is to take care of its allies. The prices which are now bringing, of course, do not discourage production.

Even if the acreage cannot be increased the prices which the strong grain is now bringing justify the very best seed bed preparation and the maximum use of fertilizer.

Growing cereals, of course, do not require as much labor as growing cotton. It is true, but corn will take its turn on every well planned farm.

The scant acreage should be husbanded for seed this year. No one can suggest for planting in the section where grown as those grown in that section. It is a good time of wheat and oats in a given section the best variety for that section has been used.

Good seed should be ordered early. Unless fertilizers are ordered early, seed dealers can ship only in full carload lots. It is quite probable that the seed will be appointed when seed time comes. The railroads will probably have to wait until they can do even with full carload shipments. It is a national necessity.

## City Directory Don'ts

**DON'T** put your Directory in an out of the way place, but keep it in a place that your customers can see and use it without stopping some ONE to find it.

**DON'T** think that a Directory is paying for itself unless you use it more than an idle clerk can make you money.

**DON'T** look mad when a customer asks to look at your Directory.

**DON'T** look happy when a neighbor wants to borrow your Directory, for if you do, he will borrow again and if all were borrowers, when would the next Directory be published?

**DON'T** forget that an up-to-date city must have a Directory and a merchant that has no DIRECTORY is what?

**DON'T** forget that a Directory borrower to-day will forget to return it to-morrow and you call him what?

**DON'T** forget that the man who has a Directory pays for it and the borrower gets for nothing what another man pays for. What do you call him?

---

When a man advertises his business it is conclusive that he is not ashamed of it, especially if he does his advertising in the Raleigh City Directory.

### Statements that are not Questioned.

The City Directory is the most effective and most economical method of reaching all the people all the time. Those who buy without looking at the list of those who sell do themselves great injustice. The classified lists in the Business Directory form the best Buyers Guide on earth. A modern up to date method of getting what you want. Polk.

# **THE GREENSBORO DAILY NEWS**

Is the great newspaper of Greensboro and the Piedmont section of North Carolina. More than 60 per cent. of the circulation is confined to within a radius of 50 miles from Greensboro, thoroughly covering the great manufacturing and industrial Piedmont section of the State, of which Greensboro is the center.

The policy of the Daily News is to publish the very best paper possible, sparing neither time nor money to maintain a high standard for news service. That's why the Daily News is so eagerly sought and carefully read each week-day morning by more than 16,000 subscribers, and on Sundays by 22,000.

If you are not an advertiser in the Daily News you are not getting your share of the business that good, consistent advertising copy, properly handled, will produce.

We are always glad to render every possible assistance we can to either readers or advertisers.
